

2022 CORPORATE BROCHURE

About Topcast

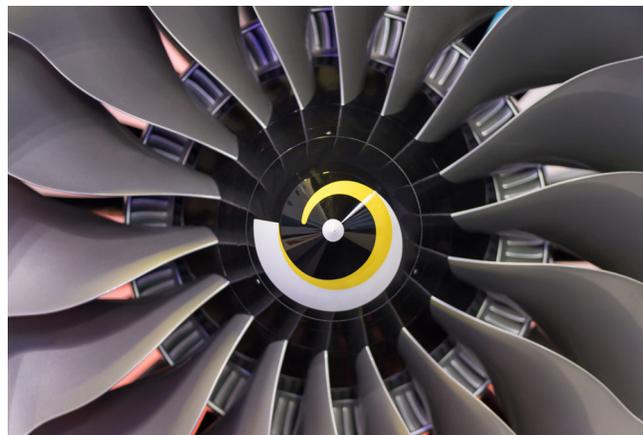

**We are
Global Connectors**

As a global supplier of parts, services and solutions for the aviation industry, Topcast takes pride in our strong partnerships with our principals, customers, and partners.

We are not just in the business of aircraft parts and maintenance. We bridge geographies, time zones, and cultures to supply solutions that enable global transportation and world commerce. We connect people. Ultimately, we help connect a better world.

A World-leading Industry Player

Topcast is one of the world-leading industry players. With unwavering focus on people and the world we live in, we always look to supply products & services that are of the highest quality.

Connecting a Better World

By leveraging our strong global network of 22 worldwide offices in Greater China, Asia-Pacific, Americas, Europe, the Middle East, and Africa regions, we connect suppliers with customers in all segments across over 90 countries.

Our Values

The Most Agile Provider for Parts Distribution and MRO services

We remain an agile business following the acquisition by funds advised by Permira. Our brand is stronger than ever to offer comprehensive solutions for parts distribution and MRO services.

We live and breathe aviation. Our teams have a shared DNA in aviation and aerospace, as well as the passion, knowledge and insight in the industry.

We are a people-first company. We excel at building relationships, trust and respect with all our stakeholders – principals, customers and the entire aviation community.

We are driven by passion and innovation. We never stick to 'business as usual'. We keep an eye on the future and always seek to develop new markets, new products and new services.

People

Passion

We run a well-managed, world-class and goals-oriented business focussed on excellence, growth and results.

Everything we do is geared towards providing better products, better services and better solutions contributing to a safer and more sustainable world.

Purpose

Performance

Milestone

Providing World-Class Solutions Since 1991

1991

With the fundamental business idea of trading and parts distribution, Topcast Co. Ltd. was born in Hong Kong.

2005

Topcast extended the business to maintenance, repair and overhaul (MRO) service offering FAA-approved repairing service.

2019

Topcast acquired by funds advised by Permira, a global investment with a diversified portfolio.

2021

Topcast expanded China's in-country MRO services by acquired AML Aviation Technologies Co. Ltd. in Shanghai.

2022

Topcast evolved and transformed with a refreshed identity.

Our Brands

Building Blocks
on Our Strengths

Aviation Supplies

Founded in 1991 with the fundamental business idea of trading, Topcast Co. Ltd. was born. With better alignment of the nature of its business in aviation, Topcast Aviation Supplies Co. Ltd. was officially established in 1995 and became a ASA-100 and FAA-AC 00-56B certified industry player.

MRO Services

The commencement of maintenance, repair and overhaul (MRO) services begins since 2005. It is an HKCAD and FAA-approved repair shop headquartered in Hong Kong SAR. Our works are admitted by CAAC in China, AACM in Macau SAR, and CAAS in Singapore.

Industrial Supplies

In 1997, the founder diversified the aviation business and extend the distribution business beyond to other industrial materials with a core focus of wires and cables, representing companies in the electrical and power industry.

AML Aviation Technologies Co. Ltd.

To expand mainland China's in-country MRO services, Topcast acquired AML Aviation Technologies Co. Ltd. a Civil Aviation Administration of China (CAAC) approved aircraft components maintenance company located in Shanghai.

Corporate Strategy

Principles for Strong Recovery

01

Share of Wallet

Topcast believes by leveraging market forecast capability to research our customer behaviour and market trend to improve purchasing favourability of our products and services.

02

Network Expansion

Accelerating growth by establishing new principals' partnerships and expanding existing principals' scope to advance portfolio, are essential to us.

03

Efficiency Enhancement

With effective communication and evaluation, our internal teams keep track with objectives and goals implementation for champion our common mission.

*“Aviation is proof, that given the will,
we have the capacity to achieve the impossible.”*

*- Eddie Rickenbacker
(1890-1973)*

Aviation Distribution

**At Topcast,
We Live and Breathe
Aviation**

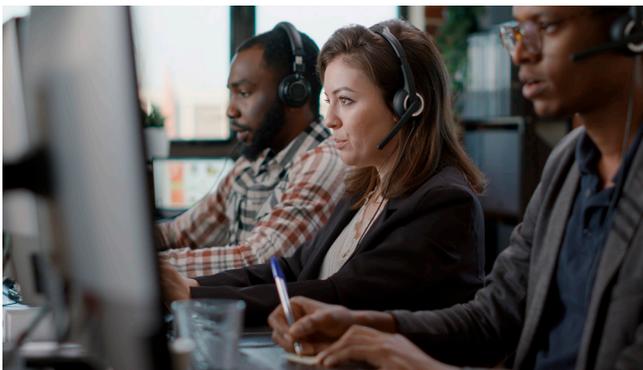

01

02

03

With a comprehensive portfolio with over 50 principals and strategic sourcing lines, Topcast delivers a wide array of aircraft parts and systems from the outside to the inside of an aircraft for your deployment. Let us be a part of your drive and keep your fleet always ready to fly.

Evolutionary OEM Network

Topcast collaborates with well-known industry-leading original equipment manufacturers (OEMs) to provide quality parts and components that meet industrial needs. Agile and timely trading policies and services also give a hand to customers, lifting-up business profiles economically and effectively.

Product Excellence and One-Stop-Shop Solution

We gather production elites to provide top-tier aviation products. These professional industrial-grade goods come with diversity and reliability, constructing a comprehensive portfolio in Topcast. Customers are able to have their problems solved efficiently and cost-effectively at this one-stop-shop.

Customer Success and AOG Support

We value customers' enquiries and orders as we see ourselves contributors to your business success. Well-trained representatives and a strong customer support team secure your business needs and services.

Airframe

Our portfolio in airframe distribution covers more than a dozen ATA categories ranging from structural components, including doors and windows, stabilizers and wings, to systemic parts such as air-conditioning, fire protection, fuel and oxygen. Beyond-excellence product quality and agile supporting service secure your fleet's amours.

Cargo

We understand the importance of logistics, and that is the reason for us to bring you a complete solution of cargo management with safer, more efficient products and systems to move, lift, deliver, protect or restrain your cargo. Contact our customer representatives now.

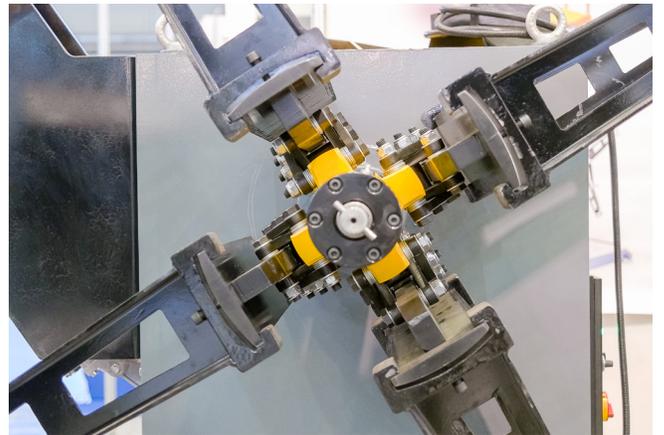

Consumables, Expendables and Chemicals

We know consumables, expendables and chemicals are essential for operations but the small parts require strong storage systems. Our on-demand express delivery ensures your needs and keeps your place available for better utilization.

Electrical and Power

We understand batteries are a vital part of an aircraft. Together with our principal network, Topcast will keep your fleet constantly powered for more fuel-efficient, more direct and on-time flights.

Engine

Our one-stop-shop offers high-quality engine parts manufactured by the world's leading companies. Standard ahead delivery service keeps your engines turning without hesitation.

GSE and Tools

Outstanding ground support equipment (GSE) and specialized tools in our portfolio guarantee your maintenance and repair services in time and efficiency. Our in-depth knowledge of aviation-related testing brings your service to new heights.

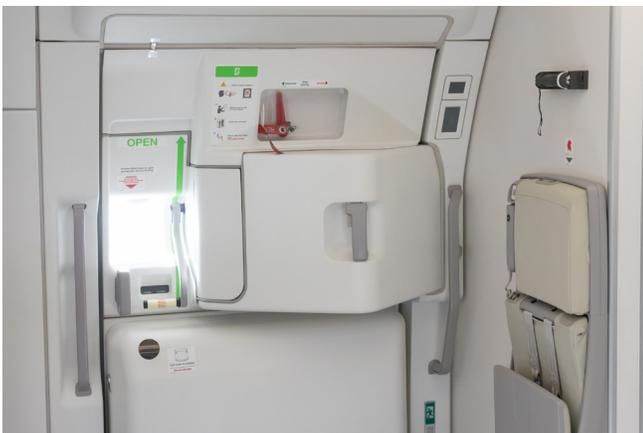

Interior

We believe flying is more than being in the air. Every detail given to the compartment will ultimately benefit users and customers. Contact our sales teams to gain inspiration for your interior.

Landing Gear System

While the landing gear system bears the utmost responsibility for home-coming, we offer industry-leading quality parts of the system. Inventory-ready and timely delivery are traits that colour our specialty.

Seals

Looking for reliable seals? Our portfolio offers a wide range of sealing products with outstanding quality that suit your purposes.

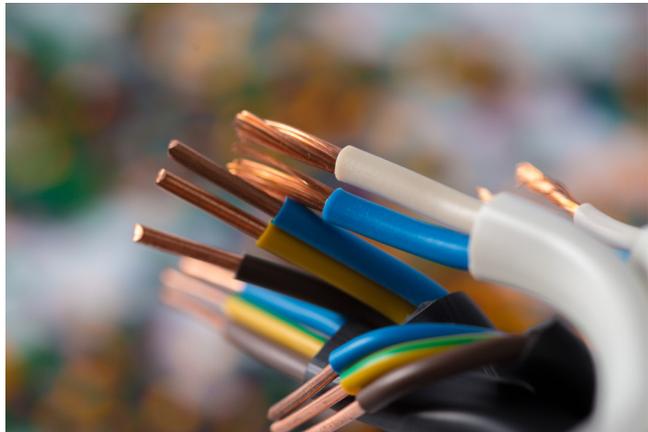

Our exploration stretches beyond the boundaries of aviation to provide solutions for utilities, power and data communication, and other infrastructures.

We offer a portfolio of top-tier and economical **wire**, **cable**, and **connectors** for industrial purposes that keeps network on track and in the best condition. Contact our sales team to place an order or request a comprehensive solution.

01

Inventory-ready

We understand availability and a short lead-time are essential for business. That is why we closely monitor the inventory to ensure that we can service you around the clock.

03

Timely Customer Service and Support

We value enquiries and orders as we see ourselves contributors to your business success. Well-trained representatives and a strong customer support team secure your business needs and services.

Industrial Distribution

Giving a Hand to Your Infrastructures

Wire, Cable, and Connectors

02

Strategic Location of Warehouse

We appointed warehouses in strategic locations in Shenzhen, China and Hong Kong SAR, to guarantee efficient goods logistics across Greater China, Asia-Pacific and to all worldwide customers.

MRO Services

**Keep your fleet
ready to fly**

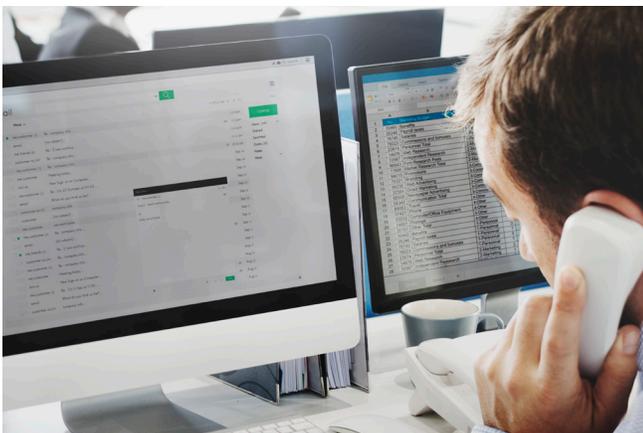

**We are the official
OEM repair shop
of world-known brands**

01 OEM Repair Services Excellence

Backed by world-class testing systems and mechanisms, Topcast attained official partnerships with major OEM principals to offer economical and responsive solutions with integrated parts and supply chain solutions.

02 Asia Gateway and Greater China Expansion

With razor-sharp customer and market focus, Topcast is your fleet-footed partner with an uncanny capacity to open new door for you. We have the down-to-earth representatives in each of the aviation hubs across cities to be your helping hands.

03 Immediate Customer Services and Support

With over two decades of experiences, we have built sophisticated customer-centric pipeline to support all our customers' needs. Our Topcast team is committed to adapt quickly to changes and opportunities to ensure our services with excellent value for money.

MRO Services in Hong Kong

Topcast offers unrivalled experience in aviation MRO services and technical support to our customers. Our repair station, located in Shatin, Hong Kong headquarters, is certified by HKAR-145, and our practice is admitted by Hong Kong Civil Aviation Department (HKCAD), Federal Aviation Administration (FAA), The Civil Aviation Administration of China (CAAC), Civil Aviation Authority of Macao SAR (AACM), Directorate General of Civil Aviation of Indonesia (DGCA), and Civil Aviation Authority of Singapore (CAAS).

With experienced, well-trained and certified technicians and mechanics on team, we live and breathe aviation. Our tightly-knit band of technicians and mechanics can ensure our deliverables on and above the par with industry and OEM standards.

MRO Services in Shanghai

AML Aviation Technologies (AML), located in Shanghai, is a strategic subbrand of Topcast that brings an extension of excellence to mainland China, providing diverse MRO solutions for commercial aircraft.

Based in the national aviation hub Shanghai, AML is one of the pillars of the MRO service provider that is recognized and certificated by The Civil Aviation Administration of China (CAAC).

Reliable, superior, and beyond-standard lead time MRO solutions tailored for customers, including galley, battery, and lighting, to seize the opportunities and business potential in the Greater China.

“Our principals, customers, and employees are the backbone of Topcast. Our ability to serve one another will be the reason for our continued and future success. We appreciate our partners and will do our best to continually exceed expectations.”

*- Steven Pearson
Chief Executive Officer of Topcast*
